

ProQuest ONE

VISUAL ARTS & DESIGN

Specialized content tailored to the fields of art, design, architecture, and fashion

ProQuest One Visual Arts & Design offers a unique, wide-ranging selection of content in art, design, architecture, and fashion, combining primary sources, archives, videos, and bibliographies for both historical and contemporary studies.

VARIED CONTENT

Rare materials, leading magazine archives, key scholarly journals, documentary videos, and specialist indexes, spanning the many sub-fields of the visual arts and design, from fine and applied art through to landscape architecture, graphic design, and fashion history.

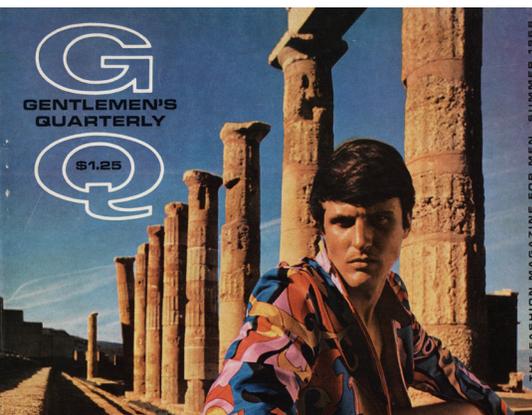

HISTORICAL RECORD

Mainstream titles, trade publications, and reference works provide an exceptional record of the significant movements, trends, and figures, illustrating the theory and practice of a variety of art forms.

MULTI-DISCIPLINARY SUPPORT

Scholars can easily explore connections between disciplines, such as the influence of architecture on fashion design or the impact of art movements on design aesthetics.

ProQuest One Visual Arts & Design includes the following components:

Art, Design and Architecture Collection

This collection offers a thorough survey of current research in visual and applied arts, providing academic libraries with valuable resources for art, design, and architecture studies. It includes specialized indexes that cover modern and contemporary art, design, applied arts, and western art history,

along with access to relevant full-text journals. This resource supports faculty and students in exploring scholarly literature across a wide range of topics, from modern art movements to design practices and historical art studies. It is an essential tool for academic research in the arts and humanities.

Provides:

- ARTbibliographies Modern
- Arts & Humanities Database
- International Bibliography of Art
- Design & Applied Arts Index

Art, Design and Architecture Archive Collection

This interdisciplinary resource presents over a century's worth of visual and textual content, offering primary sources for research in art, architecture, and design. Detailed articles, advertisements, photographs, and critical essays, empower users to gain deeper insights and broaden their

understanding of visual media and cultural history.

Provides:

- Art & Architecture Archive
- Art and Architecture in Video
- The Artforum Archive
- Country Life Archive
- The House Beautiful Archive

Fashion Studies Collection

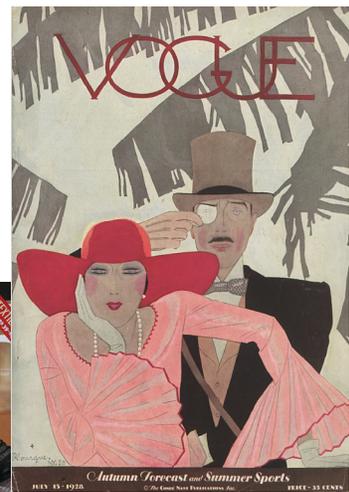

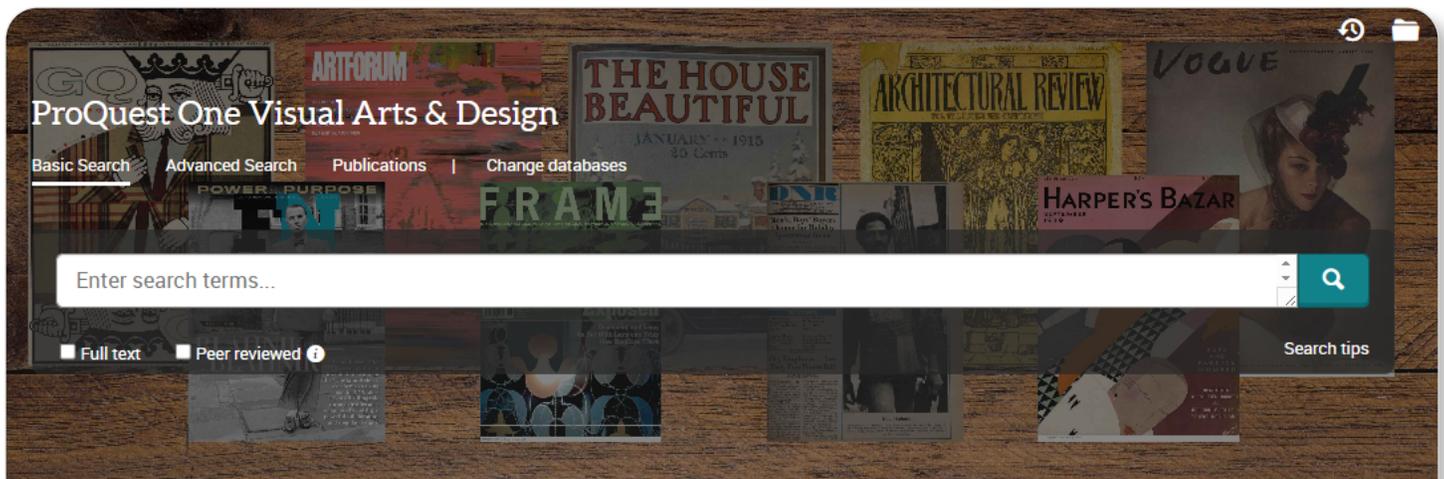

This collection brings together key resources from the fashion and lifestyle industry, offering content that spans decades of style, trends, and cultural shifts. With in-depth coverage from the most iconic fashion publications and industry reports, this archive provides scholars with

essential insights into fashion history, design, photography, and the evolving role of fashion in society. Featuring everything from runway shows and designer interviews to advertisements and fashion critiques, this collection allows users to explore fashion from multiple perspectives, offering both a historical lens and a contemporary view of the industry.

Provides:
